

» Backpack Disinfecting Sprayer

The AQUA OX™ ICS air-assisted electrostatic misting sprayer efficiently applies our EPA registered disinfecting solutions on and around all surfaces for a complete and effective disinfecting coverage.

- Designed for comfort, portability and efficiency.
- Compressor and battery can supply two hours of spraying.
- Self-contained, does not require external air supply.
- Rechargeable 24 volt battery-operated system.

Technical Specifications

Battery Type	24v 20Ah
Battery Charge	Up to 2 hours
Tank	1 Liter
Size	20" H x 9.5" W x 13.5" L (50.8 cm. x 24.1 cm x 34.2 cm)
Hose	3 ft. (.91 m)
Droplet size	40 microns VDM
Flow Rate	.9 gallons/hour
Weight	32 lbs. (14.5 kg)
Droplet size	40 micron VMD

*Patented Air-atomizing
 Induction-charging
