

Hypochlorous Acid solution generated electrochemically from Sodium Chloride.

AQUAOX™ Multi-Purpose Cleanser 250 is a fast, easy and convenient way to efficiently clean all surfaces. The product's active ingredient Hypochlorous Acid (HOCL) is the same natural solution our bodies produce to fight infections and has proven to be over 80 times more effective than bleach.

AQUAOX™ Multi-Purpose Cleanser 250 is organic, biodegradable and safe on all surfaces including food-contact surfaces and skin. The product is scent-free, leave no chemical residue, does not corrode nor damage materials, including fabrics and upholstery. Safe for Humans and Animals.

Ready-to-use Multi-purpose Hypochlorous Acid Cleanser.

For use in areas where control of cross contamination between treated surfaces is important. Will not harm common household or environmental surfaces.

DIRECTION FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

To Clean and Deodorize Hard, Non-Porous Surfaces:

Apply **AQUAOX™ Multi-Purpose Cleanser 250** to hard, non-porous surfaces with a cloth, mop, hand sprayer, sponge or an (electrostatic) spray applicator.

Follow the manufacturer 's instruction for directions of use when applying **AQUAOX™ Multi-Purpose Cleanser 250** with an (electrostatic) spray-applicator for hard, non-porous surface disinfection: (1) Replace **AQUAOX™ Multi-Purpose Cleanser 250** solutions that are over 1 week old from the solution storage tank; (2) Fill the empty solution storage tank with fresh **AQUAOX™ Multi-Purpose Cleanser 250** solution; (3) Turn on the power on the main electrical switch; (4) Aim the spray gun towards the target area to be sprayed; (5) Press the sprayer button and start spraying at a recommended distance of between 1½ – 4 ft. from the target area; (6) When applying to a large, hard, non-porous surface, use a recommended motion of a 3 ft., side-by-side motion. Allow an overlap of 50% of the sprayed area when spraying from the top to the bottom, and an overlap of 10% when spraying adjacent areas; (7) Allow surfaces to air dry.

This product is not to be used as a terminal sterilant / high level disinfectant on any surface or instrument that (1) is introduced directly into the human body, or (2) contacts intact mucous membranes but which do not ordinarily penetrate the blood barrier or otherwise enter normally sterile areas of the body. This product may be used to pre-clean or decontaminate critical or semi-critical devices prior to sterilization or high-level disinfection.

STORAGE AND DISPOSAL

Store at room temperature away from direct sunlight and heat. **DO NOT ALLOW TO FREEZE** because product may lose its potency. After use, seal or close dispenser before disposal. No special disposal requirements. AQUAOX™ Multi-Purpose Cleanser 250 is eco-friendly.

READ MANUFACTURER'S INSTRUCTIONS FOR SPECIFIC STORAGE AND DISPOSAL DIRECTIONS.

PRECAUTIONARY STATEMENTS

Physical or chemical Hazards: **AQUAOX™ Multi-Purpose Cleanser 250** is not compatible with other chemicals such as acids and hydrogen peroxide.
